Institute of Pharmacology & Structural Biology (IPBS) <http://www.ipbs.fr/index.php/immune-detection-and-elimination-pathogens>

205 route de Narbonne, F-31077 Toulouse Cedex France

Summary:

The Innate Immune Detection and Elimination of Pathogens

Education

2016-now - Researcher in Immunology - CNRS researcher

Head of the emerging team: "Immune detection and elimination of Pathogens"

Institute of Pharmacology & Structural Biology (IPBS)

2012-2013 - Temporary position in teaching and research (ATER)

Paul Sabatier University, Toulouse, France

2009-2012 - PhD preparation "Immunology and Infectious Diseases"

Doctoral School "Biology, Health and Biotechnology", Paul Sabatier University, Toulouse, France

Research

2016-now - Researcher in Immunology- CNRS researcher

Institute of Pharmacology & Structural Biology (IPBS)

Head of the emerging team: "Immune detection and elimination of Pathogens"

July 2013-October 2016 - Post-doctoral position Biozentrum

Basel University, Switzerland

Focal area in infection biology, Petr Broz group, "The innate immune response against bacterial pathogens". 50/70 Klingerbergstrasse, 4056 Basel, CH.

2012-2013 - Temporary position in teaching and research (ATER)

Paul Sabatier University, Toulouse, France

2009-2012 - PhD Degree

UMR-152, Team Macrophages polarization and nuclear receptors in infection and inflammation (Mrn2i), Rangueil Hospital, 1 avenue Jean Poulhès, 31403 Toulouse Cedex4, France. Laboratory of Agnes Coste and Laurent Alric.

Awards and Honors

2018 – ERC Starting Grant (1,5M€, 5 years), "Deciphering the host and microbial grounds that license inflammasome-mediated execution" (INFLAME)

2018 - ANR national grant "Endibac", (100k€, 3 years)

2017 - Excellence PhD grant for 3 years from University Paul Sabatier, Toulouse, France (95 k€)

2017 - Young investigators Fonroga foundation Prize (6 k€)

2016 - Fondation pour la Recherche Medicale (FRM) grant "Amorçage Jeunes Equipes", 300K€ (2 years)

2016 - CNRS & INSERM Chargé de Recherches position national competition (Both ranked 1st)

2016 - ATIP-AVENIR program grant, 300K€ (3 years)

2009 - PhD fellowship from the "Pôle pour la Recherche et l'Enseignement Supérieur (PRES)", University Paul Sabatier
